Mary Lec. SCIENTIFIC FACTS.

The following was sent in reply:

TOPLET BRITISH ASSOCIATION STRMING-HAM, ENG.: Earthquake most we'tere on rec-ord in the United States, and affected the greatest area. Origin aton films of post-quan-atory dislocation on sessel flanks of Appa-lachians, especially where it crosses Central North Carolina. Sight premonitory shocks felt in the Carotinus for several days, moderfeit in the Carelinas for several days, moderately severe shocks occurring near charleston at a several days. The principal shock causing great distruction in Charleston originated in Central North Carolina, August 31, 250 p. Im., seventy-fifth meridian time. Thence the shocks spread with great rapidity in all directions with velocity varying from twenty-five to sixty miles a minute, over an area of 90,000 square miles, one quarter of the United States, embracing twenty-light States, from the Gulf of Mexico to the Great Lakes, and Southern New England, and from the Atlantic seaboard to the Central Mississippi valley. In the Carolinas it was accompanied by land sildes, crevesses, and great distruction of property. Haif of Charleston is in ruint, and more than forty lives lost. No sea wave is yet reported.

CHARLESTON, S. C., Sept. 4.—The carthquake shock last night caused great alarm on account of the shattered condition of the nerves of the people. Those persons who had ventured back under their roots hurried into the to-night another earthquake shock of about five seconds duration, the first of the day, startled the shack-up people. It was not nearly so severe as the shock of last night.

A HARD ONE FRIDAY NIGHT.

CHARLESTON, Sept. 3.—At one minute to 11 o'clock to-night another terrific shock passed over the city. Consternation again prevailes. People camping in the public squares are singstreets, which presented for a few minon that the shocks were at an end Beaumont, Jno. 2

and the disappointment was agonized and the disappointment was agonized and praying. Two buildings fell and the disappointment was agonized and the woman, name unknown, was killed by a falling wall.

THIRTY-SIX KILLED.

CHARLESTON, Sept. 2.—The official total of deaths in the city from the earthquake shocks is thirty-six. The wounded will probably number 100. Business is still suspended, the whole attention of the people being giving to providing for refuge and making residence safe. Bricklayers have advanced fheir rates to \$6 a day. The City Council will probably meet to-morrow to provide measures for relieving the poor. Fxpressions of gratitude are heard on all sides for the assistance of the water of the people being five to morrow to provide measures for relieving the poor. Fxpressions of gratitude are heard on all sides for the assistance of the salidation to-day is the falling of showers of pebbles in the lower part of the city. The first fall was at 7:30 o'clock this morning, and the second at about 11 o'clook. They appeared to fall in a slanting direction from south to north. There are morsels of flint among them, and all are plainly abraded and worn by the action of the water. Some few have seen sharp fractures and have evidently been recently broken. The fact of the fall is vouched for by several trustworthy persons. The bulk of the pebbles fell in and around the News and Courier office.

Another shocks.

CHARLESTON, B. C., Sept. 5.—There Martin, Kate was another shock at 11:05 to night. It Martin, Lucinda, was another shock at 11:05 to-night. It Martin, Euclida, Meblett, Mrs. A was not very severe, and the duration was about two seconds. The prevailing belief here to-night is that the worst is over, and that the inhabitants are reasonably secured from further visitations of earthquake.

Wartin, Euclida, Meblett, Mrs. A Neblett, Mrs. A Nicles, Mary Phillips, Henrietta Pankey, Thos. Phillips, Alta Purham, Jno. Pettus, D. W. Powers, Alex tions of earthquake.

Preston, J. C. Porter, W. F. Ramey, Harris

DISCUSSED ABROAD.

LONDON, Sept. 7.—The cablegram sent here from Washington containing he views of Maj. Powell on the causes of the Charleston earthquake was read at to-day's session of the geological branch of the British Science Association. The meeting was crowded by scholars anxious to hear the contents of the cablegram, and the dispatch provoked a lively discussion. voked a lively discussion.

The Circuit Court in Session.

The Circuit Court met Monday, Judge Munford on the bench, The new Judge made no speech, but got right down to business at once. He Washington, Sept. 3.—Prof. Powell received by cable to-day a request from Secretary Topley, of the British Association for the advancement of Science, "to wire chief facts of the earthquake," to attend the sessions of the Court promptly, so as to aid him in the disposal of business, and to prevent delay in the hearing of causes.

Owing to the relationship of Judge Munford to some of the litigants, and his having been of counsel in other causes, Col Yancey was elected special judge. It was a tie between Col. Yancey and Hon. Wm. M. Daniel, but Mr. C. D. Bailey, the clerk, under the law, gave the deciding vote to Col. Yancey. Good order was preserved by Sheriff Staton and his efficient deputy Mr. Tom Cooper.

MRS. BAKER D. JOHNSON, nee Miss more than forty lives lost. No sea wave is yet reported.

A second moderately severe shock was felt at Charleston at 8:35 a.m., September 1; minor shocks followed at increasinn intervals. The principal shock was felt all over this vast area within fifteen minutes, and may be recorded at some of the principal points on a scale of intensity of five as follows: Raleigh four, at 9:50 p. m.; Charleston five, at 9:50; Cedar Key, Fir., two, at 10-00; Knoxville three, at 2:50; Memphis four, at 9:50; St. Louis two, 10; Milwankee three, at 10:50; Pittsburg three at 10; Albany two, at 10; Springfield, Mass., one, at 10; New York two, at 8:52.

MRS. Baker D. Johnson, see Miss but the cool air, and beautiful scenery were very much enjoyed.

Wednesday September 1st, at the residence of her mother, Mrs. Robert L. Moore, on Church street, Nashville, to Mr. Charles R. Westerfield of that city.

They left immediately for the South on a bridal tour. Both of the contracting parties are well known in this city.

Winding up the Late Stock Show,

The Executive Committee of the Farmers Reunion and Stock Show, met at the Court-House Tuesday at 12 o'clock, for the purpose of winding op the business of the late exhibition.

it was thought best to refund the amount which had been put in by the guarantors, and wait until the finance committee had settled all accounts, and then prorate the fund.

There was some discussion as to whether the committee should pay premiums when there had been no competition. Mr. Brandon, and Squire Gip Burchett thought not, but Preston Johnson, Dr. Drane, Polk Prince and Dr. N. L. Northington thought that after the stock breeders had prepared for exhibiting, their stock, and the judges had awarded premiums, they ought to be paid, and this view prevailed.

A liberal spirit was manifested throughout the meeting and all expressed delight at the improvement in stock breeding.

A committee was appointed to examine into the propriety of converting it into a joint stock company.

After passing complimentary resolutions, about the officers and local press, the committee then adjourned to Tutta European hotel where they enjoyed an elegant dinner.

HOOFLETS Squire Slaughter was on hand with a lot of good suggestions, and plenty of

President Warfield, and a good many others will attend the St. Louis fair next month. The Drane horse is considered the

coming pacer of this section. Mr. Josh Rice was on hand, and de-

nied the rumor, that they couldn't hold another stock show at the Cave. Dr. Henry Drane reported a magnificent display of Shorthorn at the

Warren county, Ky., fair. Albert Goodpasture talked stock pat as he used to talk law.
